   **TOTAL CREDITS:** 0
   **Min. Credits for Graduation:** 125

   **Notes**

   Only 1 D allowed in major (categories 1-4) with the exception of Math. Math needs to be C- or higher.
   If you received more than 1 D, you will have to retake one of the courses.

   *ENGRD 3200 is required by the major. It is recommended that students take ENGRD 3200 as their second engineering distribution. Students who do so then have the flexibility to take any other ENGRD or a 3xxx level or higher engineering course (that is not crosslisted as a liberal studies course) to fulfill the required credit miniminm for the major.*
